

Information for parents regarding work for isolating students

In order to minimise the disruption and ensure that students do not miss learning while they have to self-isolate, all work is available to students in the following way:

- All work will be set on Teams
- Students can access Teams through RMunify
- <https://ellesmerepark.rmunify.com/>
- Students log in using their new Consillium email address
- eph.FIRSTNAME.SURNAME@consilium-at.com
- The password is their normal computer log in password – if you have issues with email log ins or passwords please email ephitsupport@consilium-at.com
- Students need to follow their normal timetable. Click on the tile for that lesson and all work will be uploaded into the assignment section
- As far as possible, work is replicating what is being delivered in class but lessons will not be delivered live
