

Uniform Policy

2024/2025

Date of approval:	TBC
Approved by:	Local Academy Board
Date of next review:	July 2025

Our policy is based on the principles that a school uniform:

- promotes a sense of pride in the school
- engenders a feeling of community and belonging
- is practical and smart
- identifies the students with the school
- is not distracting in class (as fashion clothes might be)
- makes students feel equal to their peers in terms of appearance
- is regarded as suitable, and good value for money, by most parents
- has been designed with health and safety in mind

Ellesmere Park High School accepts that there are counter-arguments, including teenagers' desire for self-expression, cost and inconvenience to parents, time taken by school staff in enforcing uniform at the expense of education, coupled with the inevitable wish for adolescents to rebel against any imposed uniform; on balance, however, the Local Academy Board agreed that uniform should be enforced.

We believe that uniform should be inclusive at all levels – socially, culturally and religiously. It should promote high aspirations, including high standards of achievement and behaviour. It should promote safety in that uniform should aid identification of students (and also of those who are not students) and should consist of clothing and accessories that are practical and safe for use in school. As far as practicable, uniform should be easily available at moderate cost.

1. School Uniform

- Plain black school trousers
- Plain black pleated school skirt, must be at least knee length

****If a child's skirt is deemed to be too short, parents/carers will be informed, and an alternative will need to be brought in for their child or they will need to borrow a pair of black tights. Failure to comply will result in a child being placed in reflection until correct uniform is worn.***
