

YEAR 11: KEY EXAM AND STUDY LEAVER INFORMATION

Dear Parents/Carers,

Thank you for your continued support during your child's GCSE exams. It is hard to believe that I am writing to you today with the arrangements for the final few weeks for our class of 2022. I cannot reiterate just how impressed we have been with the level of dedication and maturity all students have displayed so far, particularly following the extremely challenging conditions brought about by the pandemic. We are very proud of each and every student.

Students have prepared well for these exams and we are confident that the hard work they have put in will be rewarded with the grades that they deserve. As we now enter a period where there are less exams, we are still committed to ensuring students are studying in school and are delivering continued lessons for as long as possible. To support the students over the final few weeks, we will be continuing with our full normal timetable up until and including Monday 13th June.

After 13th June, students will not be expected in school for the full day unless they have an exam or a planned arranged revision session of full lesson. If students are at home, they must be studying independently.

Please note there are still many full lessons scheduled as detailed on the next page so please look carefully at the arranged timetable A full schedule is included. If your child studies a session or lesson that is running, then they must attend. This is compulsory. Most subjects will also be providing a pre-exam preparation session on the day of the exam plus revision sessions after school the day before. In line with government guidance, your child is of course entitled to attend school full time, up until their last exam.

Please note also that we are still covering content in science and therefore attendance is compulsory.

From Tuesday 14th June, when full day attendance is no longer compulsory, there will be supervised study rooms available in school for students to come and use should they wish to continue to study full time in school.

A leavers assembly where we will celebrate the amazing time students have had with us at Ellesmere is scheduled for 28th June and I will be in touch re further details of this. Details relating to the Prom have already been circulated and can be found on the school website.

I'm sure you will join me in wishing every student the very best of luck in the coming weeks. We know they have worked hard and we now hope they get the success and the grades that reflect the work they have put in.

Thank you for your continued support.

Please see the following pages for the schedule for the coming weeks.

Yours faithfully

Mrs A St John
Deputy Headteacher

Ellesmere Park High School
